Safety for ALL Floors, Bathtubs and Showers

THE ANTI-SLIP EXPERTS

PRODUCT INFORMATION

Product	Information / Applications	Category	S.C.O.F.* Rating
Tuff Grip 	Our exclusive high-traction urethane coating. Tough, aggressive texture can be used on walkways, ramps and flooring surfaces in stadiums, manufacturing plants and other work areas where maximum slip protection is needed. Many colors available.	Coating	1.00
Dura Grip 	Easy-to-apply, water-based epoxy coating. Barefoot friendly texture that offers anti-slip protection on walkways, stairs, boat decks, and spa areas. Many colors available.	Coating	0.80
Floor Grip 	Scratch-resistant, anti-slip urethane sealer. Crystal clear, durable finish that is chemical resistant. Designed for use on Wood, Vinyl, VCT, Cork, Laminate and other surfaces. Available in many finishes.	Coating	0.84
Deck-o-Grip 	Water-based polymer, chemical-resistant, non-yellowing deck coating. Perfect for pool decks, spa areas, concrete or tile patios, slate, pavers and exposed aggregate. Easy application over sealed or unsealed surfaces.	Coating	0.85
Spray Grip 	Aerosol spray delivers a barefoot-friendly textured surface. Easy to apply. Perfect for slip protection on fiberglass or acrylic bathtubs, showers and many other surfaces where non-slip protection is needed. For indoor and outdoor use. Many colors available.	Aerosol Spray	0.89
Max Grip 	Our aggressive, traction-enhancing treatment is designed to treat the tough surfaces of polished concrete and quarry tiles. The perfect solution for commercial kitchen floors where oil and grease accumulation can be a problem.	Treatment	0.82
Maintain Grip 	Specialized floor cleaner for use on surfaces previously treated with our Stone Grip product. Effectively breaks down oils, grease buildup and other contaminants. Used regularly, this product renews and maintains anti-slip traction. For use on porcelain, stone, or ceramic surfaces. Ideal for commercial kitchens.	Cleaner/Treatment	0.75

Testimonials:

Your installer has been such a pleasure to work with. They are extremely professional and polite. This company corrected all issues we were having. They completed the work quickly and on time without sacrificing the integrity of the tubs.
Hilton Newark Airport

Thanks for a job well done with the recent tub resurfacing project. You both were extremely professional, efficient and easy to work with. I was impressed with the finished product and appreciate the increased co-efficiency as a result of this project. Westin Savannah GA

I'm seeing new products from you that that will be useful to help decrease the number of insurance claims for our customers.
Liberty Mutual Ins Co

*Static Coefficient of Friction (SCOF). SCOF is defined as the ratio of the horizontal component of force applied to a body that just overcomes the resistance to slipping to the vertical component of the weight of the object or sum of the vertical forces applied to that object.

Maintains the shine while providing effective slip-resistant protection.</p>	Treatment	0.77
 <p>Bathtub Coating</p>	<p>Our exclusive clear, durable slip-resistant coating for fiber-glass and acrylic. Non-yellowing formula dries quickly to a hard finish.</p>	Coating	0.82

Safety Tape

Our exclusive line of safety tape rolls and stair treads offer aggressive protection on stairs, high-traffic areas, ladders, ramps and many other smooth surfaces. We offer an extensive selection of sizes and colors.

Stair Treads

Non-Slip Stair Treads are designed to increase slip resistance on stairs and other wet and slippery surfaces. For indoor or outdoor use. Ultra-durable #80 grit treads effectively help prevent slip-and-fall hazards, while providing an abrasive surface that is built to last and withstand heavy foot traffic.

Glow-in-the-Dark and Yellow Reflective Stripe treads also available for ultimate protection and visibility.

Tape Rolls Standard - Black, White, Clear

Maximum Non-Slip Protection - #60 Grit abrasive 60-foot tape rolls offer a solution for slip and fall hazards. Extremely strong and durable. Easy to cut to desired length for easy installation. Moisture and weather resistant. Ultra-strong adhesion for use on decks, stairs, docks and other areas that may be slippery. Limited lifetime warranty. Available in a variety of colors and widths. Bulk pricing available.

Tape Rolls – Custom Sizes

Extensive line of anti-slip tapes available to meet every need. Available in many widths, lengths and colors, including glow-in-the-dark, hazard striped, conformable and non-abrasive. Custom sizes and bulk pricing available.
